## UNGARN - Jumbo Transport Hungary

As from 1st September 2008, Jumbo Transport is also represented in Hungary.

Hungary has always been one of Jumbo Transport Eastern Europe's main markets. The increasing trade after the EU membership of Hungary and a continued outsourcing of also Danish production to Hungary has led to our decision of establishing Jumbo Transport in Hungary.

This with the purpose of optimizing our already existing high level of transport-/logistic solutions and flexibility in this for us very important market.

In Hungary we are operating from following location:

### **Jumbo Transport Hungary Kft.**

Táblas u. 36-38, HU-1097 Budapest  
Tel.: +36 1 357 0440

[budapest@jumbotransport.hu](mailto:budapest@jumbotransport.hu) / [www.jumbotransport.hu](http://www.jumbotransport.hu)

Jumbo Transport Hungary Kft. is an integrated part of our Jumbo-chain as to our general service palette and support of our many Danish and foreign clients. Besides Jumbo Transport Hungary is managing road transports in Eastern- and Central Europe in relation to and from Hungary including special transports, over dimensioned transports and projects to neighboring countries as Romania, Bulgaria, and Serbia etc.

As from now Jumbo Transport *Eastern Europe* is represented with own offices in following Eastern European countries:

**Estonia – Lithuania – Poland – Czech – Slovakia – Hungary – Romania - Romania**

Jumbo Transport is a Danish, independent transport company where service, personal contact and know-how is our hallmark.

We are very proud of our new office and our new employees in Hungary. We are convinced, that we with this initiative will be able to enlarge our cooperation with already existing as well as with new clients.

Best regards,  
**Jumbo Transport Eastern Europe**
